DISCLAIMER

D. A. White & Sons give no warranty, express or implied, as to the description, quality, productiveness, or any other matter of any seeds or plants that they send out, and will not be in any way responsible for the crop.

SEED LABORATORY

We have a well equipped seed laboratory of our own with a graduate seed analyst in charge. As rapidly as possible we test all grass and clover seed for purity and germination, and the vegetable seed for germination.

It is very important to get the best possible stand of the seeds that you plant.

Dust small seeds with Semesan, grain with Improved Ceresan, corn with Semesan Jr., dip potatoes with Semesan Bel dissolved in water.

These dusts will aid considerably in insuring seed against decay, reduce damping-off, and certain seed borne diseases.

FLOWER SEED

Hundreds of packages for you to choose from in the standard varieties as well as the latest novelties, priced from 5c to 75c a package.

SPENCER SWEET PEAS

We offer these in bulk, or in packages weighed from our bulk seed. We have separate shades and colors as well as the mixed Spencers, and will sell any amount you may need from 10c up.

START YOUR OWN PLANTS

We have a good selection of Cabbage, Tomatoes, Peppers, Cauliflower, Celery, Brussels Sprouts, and others that you can start early in a hot bed or box.

VEGETABLE SEED LIST

For the Home Gardener

For vegetable seeds in larger quantities, ask for price.

The following seeds are offered in 10c packages (or larger, if needed): Asparagus, Scarlet Runner Beans, Castor or Mole Beans, Green Sprouting Broccoli, Brussels Sprouts, Utah Green Celery, Celeriac, Chicory, Collards, Curled Cress, Citron, Dill, Egg Plant, Endive, Kohl Rabi, Okra, Curled Parsley, Hamburg Parsley, Large Bell Pepper, Chinese Giant Pepper, California Wonder Pepper, Tobacco, some Herbs.

SPRAYERS AND DUSTERS

NITROGENE INOCULATION FOR

LAWN SEED

We make a specialty of Fancy and Mixed Grasses for lawn. The main items are Kentucky Blue Grass, the Bent Grasses, Fancy White Clover, Chewings Fescue, Creeping Red Fescue.

Our Fancy Mixture is a mixture of grasses and white clover.

Our Special Lawn Seed is a mixture of the finest Bent and other grasses.

FIELD SEEDS

Our stock of Field Seeds of all types is possibly the largest in the state. With our various warehouses in the valley and many buying connections in various parts of the United States and many foreign countries we are in a position to offer you the very best quality at reasonable prices.

We usually have in stock all the leading varieties of Clovers, including Red Clover, Mammoth Clover, Alsike Clover, White Dutch Clover, Ladino Clover, Subterrean Clover, Crimson Clover, and Sweet Clover.

Alfalfa seed is very scarce this year but we will have limited stocks of Common Alfalfa, Grimm Alfalfa and Ladak Alfalfa.

In Grasses, we handle all the varieties suitable for this section as well as varieties suitable for East of the mountains.

We mention the following varieties that are usually in the best demand:

Common Rye Grass, Perennial or English Rye Grass, Italian Rye Grass, Orchard Grass, Tall Meadow Oat Grass, Alta or Tall Fescue, Chewings Fescue, Creeping Red Fescue, Mesquite, Timothy, Red Top, Reeds Canary Grass, Sudan Grass, Meadow Fox Tail, etc.

VETCH SEED

Usually have ample stock of Common Vetch, Hairy Vetch, Purple Vetch and Hungarian Vetch.

AUSTRIAN FIELD PEAS

Inoculation for all the various legumes.

Send us your want list for prices, stating quantity wanted and varieties.

FIELD SEED CORN

We can offer you a very good selection suitable for this section including No. 525 Oregon Certified Hybrid Corn, No. 570 Certified Oregon Hybrid Corn, Idaho Hybrid for fodder, Minn. No. 13 Field Corn and other varieties. Prices on request.

CLOVER, ALFALFA AND VEGETABLES
